Created for air™

Anagram has always led the industry in innovation, and our ever-expanding line of balloons created specifically to be filled with air are no exception! Look for this icon throughout this catalogue to identify Anagram products specifically designed for air inflation, no helium required.

It's easy to be helium free™

Any Anagram balloon can be filled with air and displayed in a variety of ways to create a festive and fun-filled party or event! Here are some ideas to help inspire.

Air-filled fun!

Fill with air using a hand pump or an electric pump. Fasten to a wall using adhesive.

String 'em up!

Attach to a ribbon or string to create a banner or backdrop. Many of our decorator, SuperShape®, and Standard Shape balloons, as well as our Letters and Numbers, have hang tabs. Look for this call out throughout the catalogue:

More décor!

Arrange air-filled balloons around any space to create a fun party scene!

Fill more balloons for less.

Anagram continues to offer many helium saving options – here are a few:

Product Features

- New** New to this publication
- sp** Specifically designed for air inflation, no helium required.
- hang tabs** Includes Hang Tabs, allowing the balloon to be filled with air and hung with a ribbon or string.
- \$** Features our exclusive matte Satin Luxe™ finish

Exclusive Formats

The following balloon formats are exclusive to Anagram

Film Types

- XL** Balloons made with Anagram Xtralife® Technology stay fuller and look fresher longer, lasting 3 to 5 times longer than non-XL® foil balloons. Longer life means less re-inflation, saving time and money. Available in a variety of shapes and sizes.
- HeXL** 20% helium cost savings compared to industry standard 18-inch balloons, but only 4% less surface area. Reduce the cost of every balloon fill and fill more HeXL balloons per helium tank.
- HeXL** 25% smaller for significant savings on every balloon filled!
- holographic** Holographic films produce beautiful, eye-catching dazzle with their twinkling patterns and colour-enhancing effects.
- clear film** Balloons are printed on a clear film.
- multi-film** Balloons feature a combination of clear and metalised films.
- non-foil** Balloons are printed on non-conductive film and provide an exciting alternative to classic foil balloons.

Insiders®

Anagram's new Insiders® product line consists of two balloons– one inside the other. By creating an exciting 3-D effect, this new format takes the work out of the challenging DIY process of stuffing balloons inside one another with the ease of two inflation points! How is it done? The outer balloon 'shell' is made from a clear film and the inner balloon (made of foil and which looks like 5, smaller individual balloons) are sealed together, both with self-sealing valves.

Printed Crystal Clearz™

Printed Crystal Clearz™ are exactly that: our Crystal Clearz™ globe-shaped poly balloons with printed, trend-forward designs across a variety of sentiments! This film is "crystal" clear, allowing the graphics to pop off the balloons for maximum visual effect. Crystal Clearz™ are pre-stretched with a self-sealing valve and are easy to inflate to 18-inches across using a latex regulator.

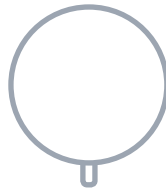

These balloons contain no latex.

Standard Shapes

Anagram's helium saving Standard Shapes provide the same great quality and design as our larger shape balloons, but will save on helium, allowing you to fill more balloons per tank! Coordinating themes and fun shapes make decorating a breeze and provide easy options for decorating with air! Look for coordinating standard balloons to complete beautiful bouquets.

Puff 'N Stuff®

Puff 'N Stuff
DBN 47755

Gain sales and increase average sales values by creating "gifts in a balloon". The Puff 'N Stuff is the ideal tool to grow your stuffing balloon business!

The Puff 'N Stuff table top stuffing chamber is lightweight, portable, and compact. Simply connect the hose supplied to your existing balloon inflator (not supplied) and away you go!

- Made of tough clear plastic, the chamber allows the operator to complete their stuffing creation with 360 degrees of visibility.
- The collar is designed with 6 nubs to allow manual stretching of the balloon neck, or to facilitate reopening of the balloon if required.
- A cloth protective sleeve is supplied and used to help protect the balloon from damage during stuffing.
- Also supplied is an inflator hose that can be used with most balloon inflators.

Merchandising

Merchandising matters! Customers make 70% of balloon purchasing decisions on impulse while in store. Looking to maximise sales? Inflate, inflate, inflate! See our variety of innovative cross merchandising opportunities. Display space at a premium? Our spinner racks and corrugate displays are the perfect solution.

Remember to use best balloon practices:

- Don't let go! Attach ribbon to each balloon then secure to a fixed object before inflating a balloon with helium to ensure retrieval if accidentally released.
- Uninflated or burst balloons can present a choking hazard. Please supervise children at all times.
- When inflating with air always use a balloon pump to inflate your balloons.
- When finished with a balloon, reuse, reinflate or dispose of correctly, by cutting the end of the balloon with scissors and placing in a bin or suitable recycling facility (check locally).

HI-FLOAT™ & HI-SHINE™

Treat your latex balloons and your bottom line!

With ULTRA HI-FLOAT balloon flight extender, you can increase the float time of helium-filled latex balloons by up to 25 times! That means added value and increased satisfaction for your customers that will differentiate you from your competitors and result in repeat business!

ULTRA HI-FLOAT™

DAV 55293 148ml (5 oz.) *includes pump*

DAS 84932 473ml (16 oz.) *includes pump*

DAU 80229 710ml (24 oz.)

ZVH 80230 2.84L (96 oz.)

DAX 80295 HI-FLOAT Dispenser

ULTRA HI-FLOAT is an aqueous solution containing a special water-soluble plastic. It dries inside the latex balloon to form a barrier coating that helps hold in helium.

HI-SHINE™

YFZ 10810 240ml (8 oz.) *includes spray pump*

YGB 18126 2.84L (96 oz.)

HI-SHINE from **HI-FLOAT** is the "wipe-free" way to keep balloons fresh for weeks!

- Spray on inflated latex balloons and keep them looking shiny for longer.
- Use to restore the shine to latex balloons that have become dull and cloudy.
- Use with both air-filled and helium-filled latex balloons.
- Safe and non-toxic.

Combine HI-FLOAT and HI-SHINE for balloons that defy gravity - and time - for longer than ever!
